

TefaFix® F

TECHNICAL DATA SHEET

SIHGA® objektpack®		TefaFix® F		
Art. No.	PU	Type	Surface	Length [mm]
52102	10	4400	blank	4400
52012	10	4400	SC 9	4400

DETAILS

- 1-piece system
- prefabrication of the parts possible by screwing on the rear

To attach the TefaFix® F, we recommend BohrFix® FB 4.2 x 28/43 in stainless steel. Due to the linear expansion of the TefaFix® F, we recommend pre-drilling the hole for the fixing screw at least 2 mm larger.
