

JustiFix® JK

TECHNICAL DATA SHEET

SIHGA®		Dimension	Adjustment Range		Support Surface
montagepack		JustiFix® JK	from	to	Diameter
Art. No.	PU	Type	[mm]		[mm]
33326	5	50 H	30	50	210

DETAILS

- height-adjustable distance between substructure made from wood and any foundation
- 30 to 50 mm height adjustment
- monitored production from polypropylene, with a special recipe
- remains permanently dimensionally stable, is heat-, frost- and UV-resistant
- load capacity per piece 6.0 kN, quantity calculation: approx. 4 units/m²
